DALLAS SCHOOL DISTRICT

SUPERINTENDENT'S BUDGET MESSAGE

2023-2024

Presented to the Budget Committee on April 24, 2023

Dallas School District No. 2, a municipal organization governed under the laws of the state of Oregon, was organized for educating children residing within the boundaries of the district. The voters of the school district elect the directors of the five-member school board. The school board is authorized to transact all business on the district's behalf. The budget committee consists of the elected school board members, and an equal number of electors (i.e. registered voters, appointed by the school board). The budget committee's duties are to receive the budget message, review the proposed budget, hear public questions and comments, approve the budget, and limit the amount or rate of taxation prior to formal adoption by the school board at a public hearing. A public hearing on this document is scheduled for June 26, 2023.

A budget is a financial plan that includes estimates of expenditures and revenues for a single fiscal year beginning July 1 and ending June 30. A local government's budget is a public document that serves as a guide to the management of the governmental unit. It is a policy decision made by the school board. The budget must comply with all requirements of local budget law. The budgeting process provides procedures for evaluating local government needs and identifying revenue sources to meet those needs. A completed budget provides justification for imposing ad valorem taxes.

The school board designates one person to serve as budget officer. The budget officer prepares or supervises the preparation of the budget document. The budget officer acts under the direction of the budget committee. The school board formally appointed me, Steve Spencer, to serve as budget officer. This budget was prepared under my direction to show anticipated resources and provide an estimate of costs required to continue educational services for Dallas School District students during fiscal year 2023-24.

Included in this budget proposal are current projections for state and local revenue, a beginning balance based on current year fiscal activity as of April 24, 2023 and cost estimates based on known factors for each program that exists as of April 24, 2023. The budget for fiscal year 2023-24 is prepared for each governmental fund type in accordance with the modified accrual method of accounting and legal requirements set forth in Oregon budget law. The general fund budget is presented by individual operational units (school) recommended for operation by the district. Other funds are presented with additional detail. This document depicts a comprehensive overview of all district activities anticipated for fiscal year 2023-24.

We are nearing the end of the second year of our three-year strategic plan, which was developed with input from every corner of our diverse community. This representation provided rich and clear feedback to form our plan, which continues to shape the 2023-24 budget.

This budget contains targeted and prioritized investments in the Dallas School District based upon our strategic plan. The State School Fund (SSF) budget of \$9.9B is inadequate for us to

maintain current staffing levels which means reduced staffing levels and increased class sizes across the district, something we have not had to do for a number of years due to additional ESSER funding. The budget maintains our investments in special education students and targeted supports to address the behavioral, social, emotional, and academic recovery needs of all students, and continued funding of district adopted math and English/Language Arts curriculum.

This budget continues to invest in equitable access to technology, nursing services, improved facilities, mental health supports, psychological services, student interventions and professional development for staff members, **but at reduced levels**. The reduced levels of support is due to the insufficient SSF allocations as well as an overall decline in student enrollment (we saw a drop of over 200 students in overall enrollment that didn't return post-covid). This budget also contains funding to support traditional instructional opportunities and alternative opportunities. This budget reflects the belief that every student has an equal chance for success when we remove barriers and create individual opportunities.

State-wide, the pandemic resulted in an enrollment reduction for most school districts. These same districts anticipated students would return to school this year. We anticipated a return of 200 students to DSD, but this number didn't materialize, in fact we continue to see a decline. District enrollment today is 2580 students (3080 including LVCS and DCS). This number represents 75 fewer students in the district when compared to the start of the 2022-23 school year and 287 fewer students than in April of 2020, at the start of the pandemic. This is an approximate 10% drop in enrollment, equating to approximately \$2.9 million in yearly revenue, over the course of the 2023-25 biennium, that will not be realized through Oregon school funding means. These students transferred to local charter schools, virtual charter schools, private schools and homeschool opportunities or have moved out of the district.

While not included in this year's budget, it is my recommendation that we work during the 2023-24 school year to identify and reallocate resources to address changing needs of our students post-pandemic. We are seeing increasing demands for alternative learning options K-12 due to aggressive behaviors, anxiety, and a wide range of student needs. This may require us to rethink our current traditional models for delivering instruction as well as ways to creatively develop new strategies to meet the needs of the students in our community.

REVENUE SOURCES

Elementary and Secondary School Relief Fund (ESSER)

Federal funding through the CARES Act provided three appropriations to Dallas School District since March of 2020 to support the impact of the pandemic. ESSER allowed school districts to support pandemic response efforts and provide instructional stability due to revenue loss from declining enrollment. Use of our remaining ESSER funding (\$2,715,202) allows us to balance this budget and maintain our district goals. All ESSER funds must be fully expended by September 30, 2024.

In order to maintain the service and staffing levels of this budget beyond the 2023-24 school year, it will be necessary for us to plan for and make additional reductions to compensate for the elimination of ESSER funds mentioned above. Continued attention must be given to maintaining our goal to increase student enrollment from year to year and should include defined efforts to market the strengths of our district, sustain academic and extra-curricular programs, and attract

families back to the district. In addition, I recommend that we strive to reduce the proportion of students transferring out of the district.

General Fund

State School Fund – The 2023-24 funding for Dallas School District comes from state school fund revenue (approximately 68%), generated through state income tax collections. The remainder is from local property tax collections (approximately 21%) and other sources (approximately 11%).

The Oregon Department of Education provided our projected funding levels in the spring of 2023, which was based upon both the governor’s recommended budget and the Ways and Means co-chair’s proposed K-12 funding amount of \$9.9 billion. Dallas School District will receive 49% of our total state school fund to support the coming fiscal year. The remaining 51% of our state school fund revenue will be contained in next year’s budget.

Ending Fund Balance -- The school board was visionary by approving Fund Balance Policy DBDB in 2019, which ensures an ending fund cash balance range of at least 8% of total general fund adopted revenues. This prudent decision protects reserves to meet unexpected emergencies; to meet the uncertainties of state and federal funding; and helps ensure a district credit rating that would qualify for lower interest costs and greater marketability of construction bonds. It also provides for the essential guiding principle of certainty during uncertain times, and confidence in continuity of operations. The proposed budget reflects an estimated ending fund balance (June 30, 2024) of \$3,166,900 which represents 8.0% of the general fund revenue as targeted in board policy.

Special Revenue Funds

Student Investment Account (SIA) – This is the funding mechanism for use of revenue from the Student Success Act, approved by the Oregon Legislature in 2019 (HB 3427). This fund provides an allocation directly to school districts for investments in student social-emotional health and safety, well-rounded educational opportunities, smaller class sizes, increased instructional time and improved opportunities for historically underserved populations. These priorities were affirmed in the district strategic planning survey administered in January 2021 and community engagement surveys in January 2023. The proposed budget reflects estimated annual SIA revenue of \$2,391,494. Our Integrated plan can be found at this link -- <https://www.dallas.k12.or.us/integrated-plan>

High School Success -- Measure 98. The High School Graduation and College and Career Readiness Act of 2016 (Measure 98) was the ballot initiative that now provides direct funding to school districts to increase high school graduation rates. The measure identifies three key areas to improve high school graduation; establish or expand Career and Technical Education programs, establish or expand college-level educational opportunities in high schools, and establish or expand dropout-prevention strategies in high schools. Dallas School District’s plan for High School Success implementation is dedicated to strategies in all three key areas and is estimated at \$871,365.

Early Literacy Allocation

This budget contains a placeholder for a non-competitive early literacy grant. The Governor is working with the legislature to fund efforts supporting K-3 literacy. We don't know much about this grant at this time or how much we will receive, but we have budgeted for it in F287.

Other District Information

Student Support and Achievement -- Our community sustains a high level of support for education and strong volunteer commitment. These efforts have resulted in recovering and growing student performance post-pandemic. Based upon the results of our Winter Benchmark assessments (the halfway point in the school year), our elementary school students are demonstrating growth in both math and reading proficiency. Our STAR Reading and Math data show students making anticipated progress and our kindergarten students making above-average growth in STAR Early Literacy.

Our 2022 four-year cohort graduation rate is 76.6%; our five-year cohort graduation rate is 88.3%. Our 9th grade "on track to graduate" percentage is 73.5% and indicates we are back to pre-Covid levels.

Curriculum Adoption – This proposed budget includes funding for newly adopted district English/language arts curriculum and professional development and continued funding for the district math curriculum. These are essential investments in support of our students.

Response to Student Behavioral and Care Needs – This proposed budget contains a host of supports to address student behavioral and care needs. These include continuation of a second school district nurse, second school district psychologist, and school based mental health support from Polk County Family and Community Outreach. It also supports a continuing 50:50 partnership with the city of Dallas to fund a police officer in support of district student needs. As mentioned previously, I believe more needs to be done to address alternative educational needs for students K-12. I believe if we address the needs of our most at-risk student population, we will be able to serve all of our students at higher levels. It is also my belief that we will see students return to the district as we work to reduce the incidences of adverse behavioral disruptions that occur in our classrooms.

Capital Construction Bond – Voters passed a \$28,000,000 general obligation bond for capital construction projects throughout the district on May 17, 2022 and received a supplemental matching grant from the state of Oregon of \$4,000,000. The district additionally was awarded a grant to make seismic improvements at Dallas High School. This budget includes funding for a capital construction plan of up to \$19,601,500 for those projects expected to begin and/or be completed during the first phase of construction.

I am proud of the commitment of our employees, community members, board and budget committee members and all volunteers who live our mission: **Centered on students, powered by collaboration, built on equity, and driven by excellence.**

I present to you the 2023-24 fiscal year budget and recommend its approval.

Sincerely,

Steve Spencer
Superintendent

DALLAS SCHOOL DISTRICT NO. 2
GENERAL FUND - 100

The General Fund accounts for all activities related to the general operation of Dallas School District in providing instruction and support services to students grades K-12. All revenues and expenditures are recorded here except those required to be accounted for in another fund. This report provides a high level summary of all general fund actual and planned financial activity for the years as shown.

District governmental funds are reported using the modified accrual basis of accounting. Under this basis of accounting, revenues are recognized as soon as they are both measureable and available and expenditures are recorded as soon as the liability is incurred, notwithstanding that receipt of the revenues or payment of the expenditures take place in whole or in part, in another accounting period.

FACILITIES, REPAIRS & MAINTENANCE FUND - 102

For financial reporting purposes this fund is considered part of General Fund. However, it is set up separate to facilitate expense tracking for major repairs, equipment purchases, deferred maintenance issues and other activities related to improving the condition of district property. Resources into this fund come through transfers from Cool Schools (formerly SB1149) revenue, sale of district property, general fund transfers, donations from private sources, insurance claims or grants from federal or state sources dedicated to improvement of school facilities.

DALLAS SCHOOL DISTRICT NO. 2
ESSER (Elementary and Secondary School Emergency Relief) - 103

Congress set aside approximately \$13.2 billion of the \$30.75 billion allotted to the Education Stabilization Fund through the Coronavirus Aid Relief, and Economic Security (CARES) Act for the Elementary and Secondary School Emergency Relief Fund (ESSER Fund). Signed into law on March 27, 2020, the Department awarded these grants -to State educational agencies (SEAs) for the purpose of providing local educational agencies (LEAs), including charter schools that are LEAs, with emergency relief funds to address the impact that COVID-19 has had, and continues to have, on elementary and secondary schools across the Nation.

ESSER Fund awards to SEAs are in the same proportion as each State received funds under Part A of Title I of the Elementary and Secondary Education Act of 1965, as amended, in fiscal year 2019.

In 2023-24 there is ongoing expenditures from ESSER III allocations.

STUDENT ACTIVITY FUND - 201

Student Activity Funds are established at each school in Dallas School District. The funds include class funds, club or organization funds, student body or student government funds, annual or newspaper funds, athletics, and other special projects approved by the principal. The funds are under the immediate custodial care of the principal or designee. Income and expenditures must be authorized by action of the student officers and advisors of the various student body organizations and can only be used for carrying out the purposes of the student body organization.

FOOD SERVICE FUND - 203

The District Food Service fund accounts for meals provided to students each day with guidance from USDA National School Lunch Program (NSLP). The federally assisted meal program must meet federal nutrition requirements with menu selections that include fresh fruit and vegetables, whole grains and milk served at breakfast and lunch. The program operates on funds generated from the sale of meals and the federal and state reimbursements available to the district through participation in NSLP. The program is not for profit but does aim to be self-supported.

**DEBT SERVICE FUND 301
GENERAL OBLIGATION**

The Debt Service Fund provides for long term obligations associated with General Obligation Bonds issued by the district when authorized by voters. The bond principal and interest is collected from an annual tax levy upon all taxable property within the geographical boundaries of the district. Tax monies received each year must be sufficient to pay principal and interest due in the fiscal year. The tax revenues are held in an interest bearing account with the Oregon State Treasury Local Government Investment Pool.

In November 2014, the voters authorized bond issuance of up to \$17M. These bonds were sold incrementally with the first issuance of \$9.7M General Obligation Bonds in April 2015. The second issuance of \$7.3M General Obligation Bonds (Series 2017) occurred in December 2017. Both issuances were structured in a manner to keep the rate per thousand levied on district tax payers similar from year to year. The bond proceeds have been used in accordance with the ballot measure approved by voters; projects relating to major facility improvements including roofing, classroom heating & ventilation, energy improvements to reduce operating costs, safety/security projects, technology infrastructure and the repurpose of existing spaces.

Voters approved a new GO Bond in May 2022. This budget accomodates the repayment of anticipated debt for FY 2023-24.

FULL FAITH AND CREDIT BORROWING - OTHER FACILITY PROJECTS**

In September 2019 the district entered into a Full Faith and Credit (FFC) borrowing in order to replace the high school track and make field renovations necessary to level the field. The Full Faith and Credit borrowing was structured in a manner that allows a bond to refund this debt obligation should the district decide to include that option in a future ballot to voters.

**DEBT SERVICE FUND 310
PERS PENSION BOND**

In May 2021 Dallas School District School Board resolved to issue PERS Pension Bonds to offset some long term obligations associated with the district's portion of the PERS System UAL (Unfunded Actuarial Liability). In August 2021, the district issued nearly \$40M at a favorable rate. The sale is anticipated to save the district nearly \$15M in PERS rates over the next 20 years.

Fund 310 was established to service the long-term debt related to this issuance and to accumulate a reserve balance to mitigate the impact of high rate increases.

CAPITAL CONSTRUCTION BOND PROJECTS FUND - 401

In November 2014, voters approved the District to issue \$17M general obligation bonds to provide major facility repairs and improvements including major additions/remodels of our elementary multi-purpose areas and our high school career and technical center. The bond projects also included roofing repairs, window and siding replacement and technology upgrades. In April 2015, Series 2015 bonds were issued in the amount of \$9.7M.

In December 2017, the district sold the remaining \$7.3 General Obligation bonds (Series 2017) authorized by voters in November 2014. Projects related to second issuance include Career and Technical Education capital improvements as well as installation of HVAC units, privacy for all locker room and restroom upgrades, building security and technology upgrades, site drainage and exterior painting of all school locations. The beginning fund balance shown for 2020-21 reflects remaining funds from second issuance. The final major project was the construction of The Career and Technical Education (CTE) Center located at Dallas High School. This project will be substantially completed during the summer of 2021.

In 2023-24 a seismic rehabilitation grant for the Dallas High School Gym will run through the capital projects fund and it may be supplemented with future bond proceeds.

CAPITAL CONSTRUCTION SERIES 2022 BOND FUND - 403

Our Capital Construction Series 2022 Bond Fund provides a financial plan for Phase 1 of our capital construction budget, totaling \$17.5 million. The projects included in this phase will focus on ensuring the safety and security of our school buildings, with security upgrades planned for all facilities, as well as improvements to infrastructure such as upgraded plumbing and roofing. In addition, a seismic upgrade is planned for Dallas High School to enhance its ability to withstand earthquakes. With this budget, we aim to create a safe and secure learning environment for our students and staff, and lay the foundation for future phases of our construction plan.

CONSOLIDATED MINI GRANTS

A number of small grants and contracts are awarded to Dallas School District each year. This fund was established to account for these activities and the receipt of funds outside the scope of General Fund. Current activity in this fund may include: e-scrip earnings and expenditures, Career Pathways, Long Term Facilities Planning and other grants obtained by educators for use in their classrooms. Other programs such as Afterschool Art and Employee Wellness have diminished in activity to the degree they will now be accounted for in the mini grant fund beginning 2020-21.

The projected allocation for 2023-24 remains high enough to allow expenditure authority for new grant opportunities that may arise.

COOL SCHOOLS SENATE BILL 1149

The Cool Schools program in association with Senate Bill 1149 provides that the utilities must pay three percent of their revenues as a public purpose fee to continue conservation programs. From this amount, 10 percent is dedicated to improving energy efficiency in public schools serviced by PGE and PacifiCorp. In November 2011, Dallas School District began receiving monthly payments from PacifiCorp under this program for reimbursement of previously completed energy conservation projects.

Funds received from PacifiCorp are required to be accumulated into a special revenue fund. Upon approval from Oregon Department of Energy (ODOE) the money may be transferred to other district funds to reimburse completed projects. In 2012-13, the Citizens Advisory Committee recommended that all funds previously accumulated and newly received will be transferred to the Facility Repairs and Maintenance Fund. This action was subsequently adopted by the Board. The program is expected to sunset at the end of December 2025.

DALLAS HIGH SCHOOL TEEN PARENT PROGRAM

In 2014-15, the district received a federal subsidy grant through ODE that will reimburse the costs of child care paid by the district for the students enrolled in the teen parent program that have placed their children in the Dragonfly pre-school operated by Salem Child Development Center. The district continues to receive the subsidy but has not had teen parents eligible for the assistance since 2017-18. An allocation has been established for 2023-24 to allow for continued funding.

ENGLISH LANGUAGE LEARNER PROGRAM - HB 3499

House Bill 3499 directs the Oregon Department of Education (ODE) to develop and implement a statewide education plan for English Language Learners who are in our K-12 education system. The plan addressed disparities experienced by English Language Learners in every indicator of academic success, from the historical practices leading to disproportionate outcomes for the students to the educational needs of the students from K-12 education, by examining and applying culturally appropriate best practices. Dallas School District was identified as a target district in 2016 and was allocated \$90,000 to complete a needs assessment and develop a plan for improvement of our English Language Learners program.

In 2017-18 the district focused on comprehensive GLAD training for teachers in all elementary schools. Investments were made in curriculum that employs the GLAD model and teaching strategies. The district received notice that it would receive an additional \$90,000 in both years 3 and 4. During 2018-19 the district made a significant investment in the Constructing Meaning program. Constructing Meaning is a process for teaching content by providing teachers with the tools for weaving explicit language instruction into content area teaching to ensure academic achievement of English language learners. A significant investment continues as more teachers and administrators implement these strategies.

The district's participation in this program ended June 30, 2021. There is no allocation for 2021-22, 2022-23 or 2023-24.

HIGH SCHOOL SUCCESS - MEASURE 98

The High School Graduation and College and Career Readiness Act of 2016 (Measure 98) was a ballot initiative passed by voters to provide direct funding to school districts in three key areas to improve high school outcomes. The areas identified for this targeted funding are to establish or expand Career and Technical Education programs, establish or expand college-level educational opportunities in high schools, and establish or expand dropout-prevention strategies in high schools. Dallas School District's Measure 98 implementation was dedicated to implement strategies in all three key areas outlined in the measure.

The district has six current Career and Technical Education (CTE) strands in the areas of business, culinary arts, health sciences, information and communication technology and engineering. District partnership with Chemeketa Community College provides key instruction as well as offering dual credit and articulated credit. The district implemented the Advancement Via Individual Determination (AVID) as a dropout strategy and offers several class sections to students. A Freshman-on-Track team was organized in 2018-19 that has shown positive outcomes related to student success. In Spring 2021, the new CTE building was completed through Capital Project Bond dollars. This new space will enable the district to expand current programs and offerings in 2023-24 with full funding expected from state legislators.

INDIVIDUALS WITH DISABILITIES EDUCATION ACT (IDEA)

IDEA funds are awarded to public schools for costs of special education, related services, supplementary aids and services provided in a regular class or other education related setting to a child with a disability in accordance with the Individual Education Plan (IEP) for the child. IDEA funds have supported costs of special education teachers, classroom assistants, and educational materials to accommodate the needs of the special education students in Dallas School District. These funds also support the costs of records managers assigned to special education.

**INDIVIDUALS WITH DISABILITIES EDUCATION ACT (IDEA)
PRESCHOOL GRANT, SECTION 619**

Beginning fiscal year 2008-09, Oregon Department of Education (ODE) corrected the manner in which it disbursed IDEA Part B, Section 619 Federal Grant dollars. The funds available is calculated based on the number of 5 year old students with disabilities being served in kindergarten classes within the district.

Allowable expenditures are restricted to programs that serve children with disabilities between the ages three to five. Grant funds are primarily used for transitioning our Early Childhood Special Education students.

MEDICAID ADMINISTRATIVE CLAIMS SURVEY REIMBURSEMENT

Dallas School District partners with Northwest Regional ESD to administer a Medicaid Administrative Claims (MAC) Survey within the district. The district receives reimbursement and uses the funds to supplement the provision to provide school based health services to students and families within the district.

The survey is completed three times during the year and each time a new group of employees will participate. Training is provided to employees who have not completed a survey in the past. Any MAC reimbursement to Dallas School District must be used for health and social services (i.e. nursing and counseling services). This fund tracks receipt of reimbursements and currently provides supplemental funding for the district-wide school nurse.

OUTDOOR SCHOOL - MEASURE 99

Measure 99 created an Outdoor School Education Fund with primary source of revenue from the Oregon State Lottery Funds. The measure required that dollars from the State Lottery Fund cannot reduce lottery proceeds dedicated to the restoration and preservation of parks, beaches, watersheds, and native fish and wildlife. The Outdoor School Education Fund was designed to provide Oregon fifth and sixth grade students with a week-long outdoor school program. The Oregon State University Extension Service administers the funds and provides for reimbursement. The district has partnered with Camp Tapawingo in the past to provide sixth grade students the outdoor school experience and education in an overnight camp setting.

2023-24 funding for Outdoor School is projected to allow for a traditional experience for students.

**PAS/ NEW OPTIONS
STRUCTURED LEARNING PROGRAM**

New Options and Structured Learning Programs are designed to meet the needs of students grade 6-12 requiring a therapeutic component to their educational program. These special education programs are the result of a collaborative effort between Dallas and Central School Districts as well as the Willamette Educational Services District and is supported through Resolution dollars. In order to provide the significant level of behavioral support needed for students, each program is staffed by one licensed special education teacher, one behavioral specialist and educational assistants. Students placed in New Options continue to work towards high school completion and have the option of obtaining either a regular or modified diploma, as appropriate. Student placement in these programs is through the IEP process and all applicable procedural safeguards are maintained.

PATHWAYS FOR RECOVERY AND RETURN

The purpose of this Grant is to support supplementary education, specifically addressing skill loss, to proactively prepare students for transition between instructional models, or to provide compensatory education services for students impacted by the coronavirus disease 2019 (COVID-19), and Oregon Department of Education's Distance Learning for All and Comprehensive Distance Learning guidance.

These funds were used by the district during the summer of 2021 to provide summer education services to students in special education programs.

POLK ADOLESCENT DAY TREATMENT CENTER

Dallas School District has served as the Local Education Agency (LEA) for state and federal funding of Long Term Care and Treatment (LTCT) grant funding awarded to the Polk Adolescent Day Treatment Center, a nonprofit treatment center which provides a therapeutic environment for severely emotionally disturbed adolescents grades 6-12. Students served at PADTC have exhausted available resources in the regular public school system and are enrolled at PADTC for the purpose of enhancing academic performance and receiving individual, group, and family mental health treatment services. These services are provided by a professional staff of licensed teachers and qualified mental health professionals.

RETENTION AND RECRUITMENT GRANT

In 2022 the Oregon Legislature passed a one-time investment for Educator Recruitment and Retention Grants and Efforts. While we are waiting for the final award announcement at time of publication, we expect Dallas' portion to be approximately \$350,000. This budget allows for expenditures related to recruiting and retaining personnel in education, and for reimbursing substitute teachers and instructional assistants for required training.

This grant is not expected to be renewed for 2023-24.

STATE SUMMER PROGRAM

In FY 2020-21, to address the ongoing needs brought on by the impact of the COVID-19 pandemic, the Oregon Department of Education (ODE) made available grant funding to participating school districts to address the following:

The Summer Academic Support Grant provides grant funding to support summer programs for high school students to acquire academic credits needed to stay on track for graduation continued in Summer 2023.

The Summer Enrichment/Academic Program Grant provides grant funding to offer services for K-8 students for: enrichment activities (robotics, dance, martial arts, art, music, outdoor programs, etc.); academic learning and readiness supports (summer school, bridge programs, transition programs, etc.); and/or social-emotional and mental health services are budgeted in case funding is again available for summer 2023.

STUDENT INVESTMENT ACCOUNT

The Student Investment Account (SIA) portion of funding is obtained through a non-competitive grant application process required by each district in Oregon. To develop the Dallas School District plan, the district engaged with stakeholder representatives including; all employee groups, parents, students, community members and district committees in a collaborative process to determine spending priorities. Renewed community engagement and school board approval every biennium is a required component of the grant. Targeted spending is required under the following categories; increased instructional time, improving student health and safety, reducing class size and well-rounded education offerings.

The 2023-24 budget reflects a fully funded SIA grant allocation from ODE.

TITLE IA

The Title IA program is the largest federal aid program for our nation's schools. The goal of the program is to provide help and instruction in reading and math for the students who need it most. Under the Title IA regulations, these funds are distributed to schools within the district where the concentration of low-income families is as high as, or higher than, the district average. Dallas School District Title IA Program serves all three elementary schools, K-5, providing additional reading and math instruction.

Title IA programs fall under the new rules established by the Federal Government Every Student Succeeds Act (ESSA). The 2023-24 allocation is significantly less than the prior fiscal year. In order to maintain current program, supplemental funds from Title IV will be utilized.

TITLE IIA (IMPROVING TEACHER QUALITY)

Title IIA, Improving Teacher Quality, combines the former Eisenhower Professional Development program and the Class Size Reduction program into one program that focuses on preparing, training and recruiting high-quality teachers. This allocation has historically been used to fund various positions that will work with teachers to increase their effectiveness, strengthen their instructional techniques and teach them additional strategies to assist struggling students. This grant also supports instructional professional development opportunities related to social emotional learning and student professional technical skills development led by the Director of Teaching and Learning.

TITLE IV (Student Support and Academic Enrichment)

Every Student Succeeds Act (ESSA) enacted in fiscal year 2017, includes a flexible block grant program known as Student Support and Academic Enrichment Grants (SSAEG) under Title IV Part A. Title IV, Part A authorizes activities in three broad areas; providing students with a well-rounded education; supporting safe and healthy students; and supporting the effective use of technology.

The district has used this funding, in the past, to increase mental health support through a partnership with Polk County Mental Health as well as supplementing Title I programs when needed. In 2023-24, the district will use these funds to maintain the current service level in our Title I programs.

YOUTH TRANSITION PROJECT (YTP)

The District has an Intergovernmental Grant Agreement with Oregon Department of Human Resources Vocational Rehabilitation Division which provides the district with funds to supplement our efforts to provide vocational transition services to students with disabilities. The grant is a combination of federal and local funds and requires the district to provide 33.3% matching funds. The target group of up to 20 students are those who can transition into competitive employment without the need for ongoing support services. The grant funds a full-time classroom assistant, supplies, materials, and costs incurred to transport students to and from employment sites. YTP services are provided year-round to eligible students.

STATEMENT OF CHANGES IN ACTIVITIES and SOURCES OF FINANCING **

The approved budget for FY 2023-24 reflects a slight reduction in available general operating resources as the district's enrollment continues to decline. Federal relief funds will flow into the district through the Elementary and Secondary Emergency Relief Act (ESSER) through September of 2024. A reduction of FTE is planned during FY 2023-24 as the pandemic recovery ends and the need for additional services related to it are no longer needed. The large increase in beginning fund balances is related to the issuance of voter approved capital construction bonds during FY 2022-23.

GLOSSARY OF TERMS & DEFINITIONS

ADMr

Resident Average Daily Membership. Year-to-date average of daily student enrollment for students residing within the district. Some resident students may attend school in another district. Kindergarten students are counted as half-time students.

ADMw

Weighted Average Daily Membership. Year-to-date average of daily student enrollment for students residing within the district (ADMr) as of June 30 adjusted to reflect students with special needs. Kindergarten students are counted as half-time students. The state school funding formula credits districts with additional ADM for the following factors:

ADMr 1.00 as of June 30

Description	Weight Amount	Notes
Special Education	1.0	December count of IEPs
English Second Language	.50	
Pregnant & Parenting	1.0	
Poverty Factor	.25	
Foster Care/Neglected & Delinquent	.25	Dept. of Human Resources count

The formula also makes a weighting adjustment to consider the additional cost of operating remote small schools.

APPROPRIATION

A legal authorization granted by the school board to make expenditures and to incur obligations for specific purposes. An appropriation is usually limited in amount and as to the time when it may be expended.

ASSETS

Resources owned or held by a school district which have monetary value.

BUDGET

A plan of financial operation embodying an estimate of proposed means of financing them for a single fiscal year. A proposed budget is presented to the budget committee for approval. An approved budget is subsequently adopted as approved or modified by the school board.

BUDGET DOCUMENT

The instrument used by the budget-making authority to present a comprehensive financial program to the school board which is the appropriating body. The budget document contains a message from the superintendent, together with a summary of the proposed expenditures, means of financing them, and the schedules supporting the summary. These schedules show in detail the information as to past years' actual revenues, expenditures, and other data used in making the estimates.

BUDGETARY CONTROL

The management of the district in accordance with an approved budget for the purpose of keeping expenditures within the limitations of available appropriations and available revenues.

BUDGETARY EXPENDITURES

Decreases in net current assets. In contrast to conventional expenditures, budgetary expenditures are limited in amount to exclude amounts represented by non-current liabilities. Due to their spending measurement focus, governmental fund types are concerned with the measurement of budgetary expenditures.

CAPITAL OUTLAY

Expenditures which result in the acquisition of or addition to fixed assets.

CAPITAL PROJECTS FUND

Dedicated to major capital improvements, construction and acquisition of school district facilities and often funded with general obligation bonds.

CASH BASIS

A basis of accounting under which transactions are recognized only when cash changes hands.

DEBT SERVICE FUND

Account for the sale and repayment of general obligation bonds. These "GO" bonds allow the district to finance new capital projects, such as the building of schools or facilities. Voters must approve the sale of general obligation bonds.

LICENSED EMPLOYEES

Includes teachers, counselors, media specialists, psychologists, social workers, nurses, athletic trainers, occupational speech and physical therapists.

CLASSIFIED EMPLOYEES

Support staff, including instructional/education assistants, clerical staff, bus drivers, custodians, maintenance and food service workers.

CONTINGENCY

A special amount budgeted each year for unforeseen expenditures. Transfer of general operating contingency funds to cover unanticipated expenditures requires board approval.

CURRENT RESOURCES

Resources to which recourse can be had to meet current obligations and expenditures. Examples are current assets, estimated revenues of a particular period not yet realized, transfers from other funds authorized but not received, and in the case of certain funds, bonds authorized and unissued.

DEFICIT

The excess of the liabilities of a fund over its assets. Oregon school districts may not carry deficits in any fund.

ENTERPRISE FUNDS

Account for operations that are financed and operated where the stated intent is that the costs (expensed, including depreciation and indirect costs) of providing goods or services to students are recovered primarily through user charges.

EXPENDITURES

Decrease in net financial resources. Expenditures include current operating expenses which require the current or future use of net current assets, debt service, and capital outlays.

FTE

Full-time equivalent staff. One FTE is defined as a regular staff position scheduled to work eight hours per day.

FALL ENROLLMENT

Number of students enrolled in school on October 1st.

FIXED ASSETS

Asset of a long-term character which are intended to continue to be held or used, such as land, buildings, improvements other than buildings, machinery and equipment.

FUNCTION CLASSIFICATION

Expenditure classification according to the principal purposes for which expenditures are made.

FUND

A fiscal and accounting entity with a self-balancing set of accounts recording cash and other financial resources, together with all related liabilities and residual equities or balances, and changes therein, which are segregated for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations, restrictions or limitations.

GENERAL FUND

The fund used to account for all financial resources except those required to be accounted for in another fund. It covers the operations of schools, including expenditures for salaries and benefits, supplies, textbooks, utilities and other general expenses.

INTERNAL SERVICE FUND

A fund used to account for the financing of goods or services provided by one department or agency to other departments or agencies of a government, or to other governments, on a cost-reimbursement basis.

LIABILITIES

Debt of other legal obligations arising out of transactions in the past which must be liquidated, renewed or refunded at some future date. This term does not include encumbrances.

MEASURE 5

Property tax limitations passed by Oregon's voters in November 1990, limiting local property taxes for schools to \$5 per \$1000 of assessed value.

MEASURE 47

Property tax limit passed by Oregon voters in November 1996, rolling taxes back to 1995-96 levels less 10% and capping future increases by 3% annually.

MEASURE 50

Initiative referred by legislature and approved by voters to clarify and implement Measure 47.

MODIFIED ACCRUAL BASIS

All governmental funds and expendable trust funds are accounted for using the modified accrual basis of accounting. Under it, revenues are recognized when they become both “measurable” and “available to finance expenditures of the current period.” Expenditures are recognized when the related fund liability is incurred.

OBJECT

As used in expenditure classification, this term applies to the article purchased or the service obtained (as distinguished from the results obtained from expenditures). Examples are salaries, employee benefits, personal services, contractual services, materials and supplies.

OPERATING BUDGET

Plans of current expenditures and the proposed means of financing them. The annual operating budget is the primary means by which most of the financing acquisition, spending and service delivery activities of a government are controlled. The use of annual operating budgets is required by law.

PAYROLL COSTS

Amounts paid by a school district on behalf of employees, in addition to gross salary. Examples are: group health insurance; contributions to public employee’s retirement system; social security (FICA); workers’ compensation; and unemployment insurance.

PROGRAM BUDGET

A budget wherein expenditures are based primarily on programs of work and secondarily on character and object class. A program budget is a transitional type of budget between the traditional character and object class budget, on the one hand, and the performance budget, on the other hand.

RESOURCES

Estimated beginning fund balances on hand at the beginning of the fiscal year, plus all anticipated revenues.

REVENUES

Monies received or anticipated by a local government from either tax or non-tax sources.

SPECIAL REVENUE FUND

This fund tracks money school districts receive from federal, state and private grants. Some examples are: funds for disabled students; funds for educationally disadvantaged students; funds for drug and alcohol prevention; and professional development funds. Money that schools receive from students and parent groups for purposes such as special school projects, field trips, and various student activities may be recorded here.

STAFFING RATIO

The certified staffing ratio is the ratio of students to certified staff. Class size is higher than the staffing ratio because counselors and specialists in areas such as Music, Media and PE are funded through the staffing ratio.

STATE SCHOOL FUND

The major appropriation of state support for public schools. The State School Fund is distributed to school districts on a per-student basis.

SUPPLEMENTAL BUDGET

Prepared to meet unexpected needs or to spend revenues not anticipated at the time the regular budget was adopted. A supplemental budget cannot be used to increase tax levy.

TOSA

Teacher on special assignment, usually performing project work such as curriculum development or program coordination.

TRANSFERS

Amounts distributed from one fund to finance activities in another fund. Shown as an expenditure in the originating fund and revenue in the receiving fund.

TRUST AND AGENCY FUND

Account for assets held by a district in a trustee capacity or as an agent for individuals, private organizations, other governmental units and/or other funds.

UNAPPROPRIATED ENDING FUND BALANCE (UEFB)

Amount budgeted to carry over to the next year's budget to provide the district with needed cash flow until other money is received and to provide financial stability. This amount cannot be transferred by resolution or used through a supplemental budget during the fiscal year.

Fund Classifications

100 General Fund. Accounts for all financial resources of the districts except those required to be accounted for in another fund.

200 Special Revenue Funds.* Account for the proceeds of specific revenue sources (other than expendable trusts or major capital projects) that are legally restricted to expenditure for specified purposes. Some examples of special revenue funds might include: restricted state or federal grants-in-aid; restricted tax levies. A separate fund may be used for each restricted source or one fund may be used, supplemented by the dimension project/reporting code; e.g., bus replacement fund. Food Service and Student Body Funds should be classified here.

*Strictly for reporting purposes within ODE's data collections:

201 Federal Revenue Sources and Expenditures

250 State, Local, and Other Revenue Sources and Expenditures

251 Student Investment Account

252 Measure 98: High School Success

299 Child Nutrition Programs – Food Service Sources and Expenditures

Section 1111(h)(1)(C)(x) of the Elementary and Secondary Education Act of 1965 (ESEA), as amended by the Every Student Succeeds Act (ESSA) requires the reporting of: "the per-pupil expenditures of Federal, State, and local funds, including actual personnel expenditures and actual non-personnel expenditures of Federal, State, and local funds, disaggregated by source of funds, for each local educational agency and each school in the State for the preceding fiscal year."

300 Debt Service Funds. Account for the accumulation of resources for, and the payment of, general long-term debt, principal and interest.

400 Capital Projects Funds. Account for financial resources used to acquire or construct major capital facilities (other than those of proprietary funds and trust funds). The most common source of revenue in this fund would be the sale of bonds. A separate fund may be used for each capital project or one fund may be used, supplemented by the dimension project/reporting code.

500 Enterprise Funds. Account for operations that are financed and operated in a manner similar to private business enterprises where the stated intent is that the costs (expenses, including depreciation and indirect costs) of providing goods or services to the students or general public on a continuing basis are financed or recovered primarily through user charges. Enterprise funds are also used to account for operations where the school board or state regulatory agency has decided that periodic determination of revenues earned, expenses incurred, and net income is appropriate for capital maintenance, public policy, management control, accountability, or other purposes. Some examples of enterprise funds might include funds used for the bookstore operation, the athletic stadium and the community swimming pool. Few School Districts have activities that would require the use of Enterprise funds. Do not include Food Service or Student Body Funds here.

600 Internal Service Funds. Account for the operation of district functions that provide goods or services to other district functions, other districts, or to other governmental units, on a cost-reimbursable basis. Some examples of internal service funds could include those used for central warehousing and purchasing, central data processing, and central printing and duplicating, self-insurance fund and unemployment fund.

700 Trust and Agency Funds. Account for assets held by a district in a trustee capacity or as an agent for individuals, private organizations, other governmental units, and/or other funds. Trust funds would include nonexpendable trust funds, expendable trust funds, and pension trust funds. Agency funds could include funds for a teacher or a parent-teacher organization. Do not include Food Service or Student Body Funds here.

Revenue Sources

This dimension permits classification of revenues by source. The primary classification differentiates local, intermediate, State and Federal revenue sources.

1000 Revenue from Local Sources.

1100 Taxes. Compulsory charges levied by a governmental unit for the purpose of financing services performed for the common benefit.

1110 Ad Valorem Taxes Levied by District. Taxes levied by a district on the assessed valuation of real and personal property located within the district which, within legal limits, is the final authority in determining the amount to be raised for school purposes.

1111 Current Year's Taxes. Property taxes levied by a district on the assessed value of real property located within the district which, within legal limits, is the final authority in determining the amount to be raised for school purposes.

1112 Prior Year's Taxes. Taxes collected for fiscal periods preceding the current year.

1113 County Tax Sales for Back Taxes. Revenue received as a result of the sale of property to satisfy a property tax lien.

1114 Payments in Lieu of Property Taxes. Amounts received in lieu of property taxes, including Western Oregon Severance Tax, Eastern Oregon Severance Tax, and tax court settlements.

1120 Local Option Ad Valorem Taxes Levied by District. Local option taxes levied by a district on the "Tax Gap" valuation of real and personal property located within the district which, within legal limits, is the final authority in determining the amount to be raised for school purposes. Tax Gap refers to the difference between the Measure 5 tax limit (.005 * Real Market Value) and the Measure 50 Tax Limit (Sum of permanent and gap bond tax rates times Assessed Value). Local option revenue cannot exceed the gap amount so the excluded local revenue is the lesser of:

(1) Actual Local Option Taxes Received,

(2) 2003-2005, \$500 per extended ADMw; 2005-07, \$750 per extended ADMw; 2007-08, \$1,000 per extended ADMw, (The \$1,000 limit is increased by 3% each year starting in 2008-09) or

(3) 2003-05 10%, of the sum of the General Purpose Grant, Transportation Grant, Facility Grant and High Cost Disability Grant; 2005-07 15% and 2007-08 and after 20%.

Record the excess in Source 1110.

1121 Current Year's Local Option Taxes. Local option property taxes levied by a district on the assessed value of real property located within the district which, within legal limits, is the final authority in determining the amount to be raised for school purposes.

1122 Prior Year's Local Option Taxes. Local option taxes collected for fiscal periods preceding the current year.

1123 Penalties and Interest on Local Option Taxes. Amounts collected as penalties for the payment of local option taxes after the due date, and the interest charged on delinquent local option taxes from the due date to the date of actual payment.

1130 Construction Excise Tax. Amounts collected as a result of Senate Bill 1036 from the 2007 legislative session which allows for a construction excise tax.

1190 Penalties and Interest on Taxes. Amounts collected as penalties for the payment of taxes after the due date, and the interest charged on delinquent taxes from the due date to the date of actual payment.

1200 Revenue From Local Governmental Units Other Than Districts. Revenue from the appropriations of another local governmental unit. The district is not the final authority, within legal limits, in determining the amount of money to be received, and the money is raised by taxes or other means which are not earmarked for school purposes. Payments from publicly owned utilities and local housing authorities are recorded here. (PUDs, rural telephone exchanges, etc.)

1300 Tuition. Money received from individuals, welfare agencies, private sources and other districts for education provided in the district. (When tabulating total income from tuition at the federal level, only items 1311, 1321, and 1331 are tabulated.)

1310 Regular Day School Tuition. Money received as tuition for students attending the regular day schools in the district, including alternative programs entitled to State School Fund support. Use 1310 when instruction and related services are tied directly to the student.

1311 Tuition From Individuals. Money received from individuals, private sources, or welfare agencies as tuition in regular day schools.

1312 Tuition From Other Districts Within the State. Money received for regular day schools tuition from other districts within the state.

1313 Tuition From Other Districts Outside the State. Money received for regular day schools tuition from districts outside the state.

1320 Adult/Continuing Education Tuition. Money received as tuition for students attending adult/continuing education schools in the district.

1321 Tuition From Individuals. Money received from individuals for education provided by the district.

1322 Tuition From Other Districts Within the State. Money received from districts for education provided by the district.

1323 Tuition From Other Districts Outside the State. Money received from districts for education provided by the district.

1324 Tuition/Contract Receipts for Community Services.

1330 Summer School Tuition. Money received as tuition for students attending summer school.

1331 Tuition From Individuals.

1332 Tuition From Other Districts Within the State.

1333 Tuition From Other Districts Outside the State.

1400 Transportation Fees. Money received from individuals, private sources, welfare agencies, and other districts for transporting students to and from school and school activities. (When tabulating total income from transportation at the federal level, only items 1411 and 1421 are tabulated.)

1410 Regular Day School Transportation. Money received for transporting students to and from regular day schools and school activities, including alternative programs entitled to State School Fund support.

1411 Transportation Fees From Individuals.

1412 Transportation Fees From Other Districts Within the State.

1413 Transportation Fees From Other Districts Outside the State.

1420 Summer School Transportation. Money received for transporting students to and from summer school.

1421 Transportation Fees From Individuals.

1422 Transportation Fees From Other Districts Within the State.

1423 Transportation Fees From Other Districts Outside the State.

1500 Earnings on Investments. Money received as profit from holdings for savings.

1510 Interest on Investments. Interest received on temporary or permanent investment in United States Treasury bills, notes, bonds; savings accounts; time certificates of deposit; notes; mortgages; or other interest-bearing obligations. Arbitrage rebates would be recorded in account 1510.

1530 Gain or Loss on Sale of Investments. Gains or losses realized from the sale of bonds or stocks. Gains represent the excess of the sales proceeds over cost or other basis at date of sale (cost less amortization of premium in the case of long-term bonds purchased at a premium over par value or cost plus accretion of discount on long-term bonds purchased at a discount under par value). Gains realized from sale of U.S. Treasury bills represent interest income and should be credited to account 1510 above.

Losses represent the excess of the cost or other basis at date of sale (as described above) over the sales proceeds.

1600 Food Service. Revenue for dispensing food to students and adults.

1610 Daily Sales—Reimbursable Programs. Revenue from students for the sale of breakfasts, lunches, and milk which are considered reimbursable by the U.S. Department of Agriculture. Federal reimbursements are not entered here. They should be recorded under code 4500.

1611 Breakfast. Money received from students for the sale of reimbursable breakfasts as part of the School Breakfast Program.

1612 Lunch. Money received from students for the sale of reimbursable lunches as part of the National School Lunch Program.

1613 Special Milk Program. Money received for the sale of reimbursable milk as part of the Special Milk Program.

1620 Daily Sales—Non-reimbursable Program. Money received from students or adults for the sale of non-reimbursable breakfasts, lunches, and milk. This category would include all sales to adults, the second Type A lunch to students and a la carte sales.

1630 Special Functions. Money received from students, adults or organizations for the sale of food products and services considered special functions. Some examples would include potlucks, PTA sponsored functions and athletic banquets.

1700 Extracurricular Activities. Revenue from school-sponsored activities.

1710 Admissions. Revenue from patrons of a school-sponsored activity such as a concert or football game.

1720 Bookstore Sales. Revenue from sales by students or student-sponsored bookstores.

1730 Student Organization Membership Dues and Fees. Revenue from students for memberships in school clubs or organizations.

1740 Fees. Revenue from students for fees such as locker fees, towel fees, and equipment fees. Transportation fees are recorded under account 1400.

1750 Concessions.

1760 Club Fund Raising.

1790 Other Extracurricular. Other revenue from extracurricular activities.

1800 Community Services Activities. Revenue from community services activities operated by a district. For example, revenue received from operation of a swimming pool as a community service would be recorded here. Multiple accounts may be established within the 1800 series to differentiate various activities.

1900 Other Revenue From Local Sources. Other revenue from local sources which are not classified above.

1910 Rentals. Revenue from the rental of either real or personal property owned by the school.

1920 Contributions, Donations and General Fundraising From Private Sources. Money received from a philanthropic foundation, private individuals, or private organizations for which no repayment or special service to the contributor is expected. Separate accounts may be maintained for unrestricted revenue and revenue which is restricted as to uses. General fundraising resources not related to student activities.

1930 Rental or Lease Payments from Private Contractors. Payments received from private contractors for the use of district-owned buses and garages in the operation of the pupil transportation system by the private contractor.

1940 Services Provided Other Local Education Agencies. Revenue from services provided other districts, other than for tuition and transportation services. These services include data processing, purchasing, maintenance, cleaning, consulting and guidance. Intermediate units will use this code in identifying

revenue for services provided to districts. Use 1940 when the ESD or district is providing general services to support instruction.

1941 Services Provided Other Districts Within the State. Revenue from services to districts within the state.

1942 Services Provided Other Districts Outside the State. Revenue from services to districts outside the state.

1943 Services Provided Other Charter Schools. Revenue from services to Charter Schools.

1950 Textbook Sales and Rentals. Revenue from the rental or sale of textbooks.

1951 Textbook Sales. Revenue from the sale of textbooks.

1960 Recovery of Prior Years' Expenditure. Refund of expenditure made in a prior fiscal year.

1970 Services Provided Other Funds. Services provided other funds, such as printing or data processing. Generally, this account is only used in Internal Service Funds.

1980 Fees Charged to Grants. Indirect administrative charges assessed to grants.

1990 Miscellaneous. Revenue from local sources not provided for elsewhere. Record Medicaid Administrative Claiming (MAC) reimbursements, E-rate and SB1149 Energy revenues received here.

Expenditure Functions

Function describes the type of activity that is carried out. The five major functional areas are: 1000—Instruction, 2000—Support Services, 3000—Enterprise and Community Services, 4000— Facilities Acquisition and Construction, and 5000—Other Uses. The four digit function codes are sub-functions to provide program and service area information. Functions and sub-functions consist of activities which have similar general operational objectives.

1000 Instruction.

Activities dealing directly with the teaching of students, or the interaction between teacher and students. Teaching may be provided for students in a school classroom, in another location such as a home or hospital, or in other learning situations such as those involving co-curricular activities. It may also be provided through some other approved medium such as computer instruction applications, television, radio, telephone, and correspondence. Included here are the activities of instructional assistants of any type that assist in the instructional process. Expenditures for teachers' travel within the district in connection with teaching assignments are considered costs of instruction.

1100 Regular Programs. Instructional activities designed primarily to prepare students for activities as citizens, family members, and workers, as contrasted with programs designed to improve or overcome physical, mental, social and/or emotional handicaps. Regular programs include: Elementary, K-5 or K-6; Middle or Junior High; High School; and Pre-kindergarten. Districts should charge classroom expenditures according to the definitions as long as the allocation of costs can be reasonably determined or estimated.

1111 Elementary, K-5 or K-6. Learning experiences concerned with knowledge, skills, appreciation, attitudes, and behavioral characteristics considered to be needed by all students in terms of their awareness of life within our culture and the world of work and which normally may be achieved during the elementary school years. (Effective 7/1/11)

1113 Elementary Extracurricular. School-sponsored activities, under the guidance and supervision of district staff, designed to provide students such experiences as motivation, enjoyment, and improvement of skills. Extracurricular activities normally supplement the regular instructional program.

1121 Middle/Junior High Programs. Learning experiences concerned with knowledge, skills, appreciation, attitudes, and behavioral characteristics considered to be needed by all students in terms of understanding themselves and their relationships with society and various career clusters, and which normally may be achieved during the middle and/or junior high school years. Area of responsibility codes are required with this function.

1122 Middle/Junior High School Extracurricular. School-sponsored activities, under the guidance and supervision of district staff, designed to provide students such experiences as motivation, enjoyment, and improvement of skills. Extracurricular activities normally supplement the regular instructional program and include such activities as athletics, band, chorus, choir, speech and debate. Also included are student-financed and managed activities.

1131 High School Programs. Learning experiences concerned with knowledge, skills, appreciation, attitudes, and behavioral characteristics considered to be needed by all students as they achieve graduation requirements. Area of responsibility codes are required with this function.

1132 High School Extracurricular. School-sponsored activities, under the guidance and supervision of district staff, designed to provide students such experiences as motivation, enjoyment, and improvement of skills. Extracurricular activities normally supplement the regular instructional program and include such activities as athletics, band, chorus, choir speech and debate. Also included are student-financed and managed activities.

Expenditures for equipment with a current value of less than \$5,000 or for items which are “equipment-like,” but which fail one or more of the tests for classification as Object 541 or 542 (see object 540 definition). Examples might include hand held calculators, stacking chairs, etc. This object category could be used when a district desired to treat these items as equipment for budgeting, physical control, etc., without either violating the state dollar threshold for capital equipment or combining these items with consumable supplies (Object 410–419).

470 Computer Software. Expenditures for published computer software. Include licensure and usage fees for software here. The Cloud is considered software and would be coded here.

480 Computer Hardware. Expenditures for non-capital computer hardware, generally of value not meeting the capital expenditure criterion. An iPad or e-reader needed to access e-textbooks is considered hardware and would be coded here.

500 Capital Outlay.

Expenditures for the acquisition of fixed assets or additions to fixed assets. They are expenditures for land or existing buildings; improvements of grounds; construction of buildings; additions to buildings; remodeling of buildings; initial equipment; additional equipment; and replacement of equipment.

510 Land Acquisition. Expenditures for the purchase of land.

520 Buildings Acquisition. Expenditures for acquiring buildings and additions, either existing or to be constructed, except for bus garages (See Object 562). Included are expenditures for installment or lease payment (except interest) which have a terminal date and result in the acquisition of buildings, except payments to public school—housing authorities or similar agencies. Expenditures for major permanent structural alterations and the initial or additional installation of heating and ventilating systems, electrical systems, plumbing systems, fire protection systems, and other service systems in existing buildings are included also.

530 Improvements Other Than Buildings. Expenditures for the initial and additional improvement of sites and adjacent ways after acquisition by the district. Improvement consists of such work as grading, landscaping, seeding, and planting of shrubs and trees; constructing new sidewalks, roadways, retaining walls, sewers and storm drains; installing hydrants; initial surfacing and soil treatment of athletic fields and tennis courts; furnishing and installing for the first time, fixed playground apparatus, flagpoles, gateways, fences, and underground storage tanks which are not parts of building service systems; and

demolition work. Special assessments against the district for capital improvement such as streets, curbs, and drains are also recorded here.

540 Depreciable Equipment. Expenditures for the initial, additional, and replacement items of equipment, except for buses and capital bus improvements (See object 564). An equipment item is a movable or fixed unit of furniture or furnishings, an instrument, a machine, an apparatus, or a set of articles that meets all of the following conditions:

1. It has an anticipated useful life of more than 1 year.
2. It is of significant value, measured as original cost or estimated market value. The current value threshold is \$5000. The federal value criterion currently is also \$5,000.
3. It retains its original shape and appearance with use.
4. It is nonexpendable; that is, if the article is damaged or some of its parts are lost or worn out, it is usually more feasible to repair it than to replace it with an entirely new unit.
5. It does not lose its identity through incorporation into a different or more complex unit or substance.

Additional information related to GASB 34 requirements can be found in the Special Instructions for Recording Expenditures under the section entitled GASB Statement 34 Reporting Requirements at the beginning of Chapter 3
