

Provision 2: Base Year

Dear Parent or Guardian:

We are pleased to inform you that for the 2022-2023 school year, Dallas School District will implement a new option available to schools participating in the School Breakfast Program and the National School Lunch Program called Provision 2.

What does this mean for you and your children? This is great news for you and your children!

All enrolled students of:

LaCreole Middle School
Dallas High School

are eligible to receive a healthy breakfast and lunch at school at **no charge** to your household each day of the 2022-2023 school year.

This year only, your household may still need to fill out a confidential meal application at this school, which will serve as information that the school will use for future school years. Please see the attached Oregon income guidelines. If your family is eligible (or borderline eligible) we hope you will complete an application. The more participation we have in this program, the more likely all students will be able to continue to receive free meals for the next few years.

If you have questions or if we can be of any further assistance, please contact Debe Castang at 503-831-3947.

Sincerely,

A handwritten signature in cursive script that reads "Debe Castang".
